

Hello,

Please refer to the following lunch schedule effective 08/31/21 to decrease school all-calls, minimize classroom disruptions, and allow a more organized lunch transition. Teachers, please disclose the schedule with your 4th hour classes so they are aware of when they are to report to lunch. Tomorrow will be a unique situation because you will not have time to talk with your students (ie: math hallway), however, we will make one all-call once the bell rings to relay that 4th hour math hallway students get their lunch right now, and that all other students report to their classrooms. Please adhere to the times on the schedule, and not let classrooms out earlier than noted. This will help with social distancing and ensuring we are complying with CDC regulations. Thank you.

Bottom Floor:

11:13- Math Hallway (students/staff go straight to lunch after HOOP dismissal bell)

11:18- Electives Hallway/CTE (students/staff get lunch after quick attendance is taken)

11:21- History Hallway (students/staff get lunch according to schedule)

Top Floor:

12:08- English Hallway (students/staff released three minutes before bell to get lunch)

12:11- Electives Hallway/CTE (students/staff go straight to lunch after 4th Period bell)

12:16- Science Hallways (students/staff get lunch after attendance is taken)

Paras who are covering classrooms for lunch, please grab your lunch in between the two lunch breaks (11:45-12:15). This allows time to use the bathroom and grab your lunches. Please do not leave your post until the classroom teachers return to their classroom.
