

# MEAL DISTRIBUTION UPDATE

## COVID-19 Child Nutrition

### How are we feeding our children?

3•27•20

Belcourt School District is feeding the children of our community through the US Department of Agriculture (USDA) Summer Food Service Program (SFPS). Typically, this program begins when school is out for summer, but due to the pandemic, NDDPI has pushed the program ahead of the normal timeline. We are identified as 100% free and reduced lunch, which allows us to serve children in the community. We are not limited to Turtle Mountain Students.

**WE DO NOT HAVE THE MANPOWER TO DELIVER EVERY MEAL DOOR TO DOOR.**

**YOU MUST COME TO THE BUS AT DROP OFF POINTS (MONDAY AND WEDNESDAY):**
